Dear Mr. and Mrs. Marvil:

This letter serves as notification that on Monday, September 12, 2011, the Loudoun County Historic District Review Committee (HDRC) approved your Certificate of Appropriateness 2011-0016 as submitted in your application received by the County on July 8, 2011. The application was approved with the following conditions:

1. That the window dimensions are consistent with the drawings except the master bathroom window on the rear elevation which will be consistent with all other 2nd floor windows on the rear elevation;
2. That the foundation is parged or veneered in stone or brick;
3. That the standing seam metal roof will have no more than 1 ½ inch seams and a panel width of 17 inches;
4. That the French doors on all elevations will have eight simulated divided lights and the windows will be four-over-four (still with simulated divided lights).

Please sign the enclosed Certificate of Appropriateness and return it to me in the envelope provided. I will obtain the necessary County signatures and return the Certificate to you for your files.

On behalf of the Committee, I want to thank you for working with the HDRC on this application and to commend you on your efforts to preserve the character of the Goose Creek Historic District. I wish you good luck as you proceed with the construction of your new home and look forward to seeing the final product!

Sincerely,

Lauren E. Murphy
